

## CHHATRAPATI SHAHU INSTITUTE OF BUSINESS EDUCATION & RESEARCH KOLHAPUR

Chhatrapati Shahu Institute of Business Education and Research is situated in Kolhapur in Maharashtra state of India. Established in 1996, it is accredited from Government of Maharashtra and it is affiliated to Shivaji University. SIBER offers courses across 4 streams namely Management, IT, Arts, Commerce & Banking and campus is spread over 12 Acres as well as Additional campus facilities also there. This college is good college and is awarded by NAAC. It is been well known in Kolhapur.

**Faculty:** Faculty is the heart of the institute they are well qualified and experienced and knowledgeable along with industrial experience. They are always humble with students with the studies & they always welcome queries and suggestions. Teaching quality is very nice and up to the mark. They teach us through digital point of view. They use simple and general examples when they explain any concept. They provide industrial training and guide the students for facing interviews. They have vast knowledge and teach us with good practical

exposure. They have very good experience in the industrial as well as teaching fields which make us to get exact idea about corporate world

**Internship Opportunities:** As we are in the first year we are now getting opportunities for summer internship programs and average stipend is 10000.college offers ample opportunities for internship in Kolhapur as well as out of Kolhapur.

**Canteen:** canteen is good. Food quality is also good. Simple Maharashtrian menus are available.

**Infrastructure & Facilities:** College has great infrastructure facilities such as spacious building and classrooms with the latest equipment, digital classrooms, centralized library, well-equipped labs, Wi-Fi in whole campus, E-library are available and other necessary facilities for sports.

The classrooms are good. The library is the best. Security is good in the college. There is ATM on the campus. There is a Well-maintained auditorium. It has a well-built open stage. The teaching is mostly on projector and seminars are taken.

It offers on-campus accommodation for students enrolled in various programs. It has academic and administrative buildings house classrooms of different sizes and seating capacities, seminar hall, board room, conference hall, a state of art library, and offices for faculty and staff.

**Hostel:** College has own girls and boys hostel with very nice facilities. Separate buildings for boy's hostel & girl's hostel. All services in hostel are good.

**Other Accommodation:** CSIBER offers an environment in which students and faculty can focus on intellectual and personal growth as a close-knit community. There is a scope for extra curriculum activities. College provides language lab in order to be expert in language. Also CSIBER provides management lab to develop managerial skills through various games.

**Cultural fest & Sports:** Cultural programs are arranged regularly not only cultural but other programs are arranged like quiz competition. Lots of guest lectures are taken. Alumni are also called to deliver their experience in the corporate life. National conference and competition are happening in the college and they are very great. Cultural events included festivals celebrating in campus

**Placements:** College has separate placement cell for students to know about companies. The institute has good placement facilities as per my knowledge and feedback from seniors and other friends. There are many companies visit for the placement activities as well as

career development activities. The maximum students get placed. Some students also get good packages.

The institution has a highly qualified committee for placement services that helps the students guide through various aspects of placements. Various internships opportunities are also provided to the students. They help to bridge the gap between the students and the companies by bringing them together through the medium of seminars, conferences, guest lectures, conclaves, etc.

### Carrier Development Activities include

- Technical trainings, guest lectures from external and internal faculty to address skill gaps for corporate readiness.
- Orientation program for students delivered by our industry partners
- Summer /Festive/Internship helps students to get knowledge about the actual Market situation and they shape themselves accordingly.
- Many placement activities are taken for developing the skills and aptitude for job interviews.
- Hard skills, Soft skills training focused on interview preparation, Mock Group Discussions, Mock Interview, Personality development , entrepreneurial skills, presentation and communication skills
- Sessions by our alumni's who represent the companies participating in the placement drives.
- Certification Programs which are in trend and required by companies

- Extra-curricular and co-curricular activities for their skill development
